Extract of the Minutes of the City Council Meeting held June 1, 1976.

Councilman Holst asked if it proves impractical to grow shrubs there, will the City be committed to try to raise trees and shrubs, and if so, for how long.

Mayor Moody noted that the agreement says "the City shall properly maintain the landscaping, plant material, irrigation system and other appurtenances, following the construction at no cost to the Department of Transportation. Maintenance shall include the repair and replacement of defective irrigation material, dead or unhealthy plant material including trees and shrubs...this agreement shall remain in effect until such time as the State relinquishes ownership of the right-of-way."

Councilman Hughes moved that the Mayor be authorized to execute the agreement. Councilman Babbitt seconded the motion. The motion unanimously carried.
